# AZ SHADE TESTIMONIALS

**Mas Williams** (commercial waterproof shade sail-141 Sq. meters)

“Perfect waterproof shade sail for our carwash and special thanks to design team for considering all parameters before starting installation. I am happy after three years and will recommend AZ Shade to others”

**Tom Xu** (Residential shade sail-58 Sq. meters)

“These guys are really professional and fast. I’m glad decided to give them my job.”

**Susan** (Residential shade sail-81 Sq. meters)

“AZ shade made few shade sails in my property; carport area, balcony and one shade sail for swimming pool area. I’m super happy with their installation”

# AZ SHADE FAQs

## How we put tension on shade sail?

We are using three main methods for tensioning a shade sail; Firstly, Height variation. Secondly, Perimeter wire rope. Thirdly, tensioning hardware

## Are shade sails waterproof?

While, Anti-UV shade sails can support shading area against hails, but they are not waterproof.

## Can AZ shades provide waterproof shade sails?

Yes. AZ shades provides the best quality waterproof shade sails. Please contact our sale team for acquiring more information regarding waterproof shade sails

## Could AZ shade provide flame resistance shade sails?

Yes, based on costumer request, AZ shade can provide flame resistance shade sails in accordance with Australian Standard Engineering. Flame resistance of shade sails is related to HDPE structure of shade fabric

## How long should AZ shade sail last?

AZ shade sails are designed and manufactured to last for many years, because of using the best design and quality materials.

## Could shade sail make playground area cool?

Yes, shade sails are one of perfect solution for keeping parks and playground safe from sun's harmful rays and cool.
